> gland, on the poor chalky pastures of that part the Island. Nevertheless, the South Down will bear good feeding. It attains maturity early, and is very prolific; and where wool

> and mutton are the joint object, there are few breeds perhaps so profitable. The wood is somewhat used for combing in England, but is well adapted to flannels and mmon wear. The fleeces of good flocks average from 3 to 4 pounds of clean washed wool, about equal in quality to half blood Merino. Some of the larger fleeces go as high as 8 or 9 pounds .- [Prairie Farmer.

THE DOG WITH A BROKEN LES .- 2 Some thirty years ago. (perhaps 1820.) Dr. Tath, a skillul surgeon, resided in Windsor, Vt. A man in that place owned a large valuable astal dog, who had the misfortune to break tain if we may not clear Mr. Albestrout the directions for the sending up of some one was coarge that risks against him.

"Indeed, sir," said Mr. Folt with real franks no one would be more happy at such a no need that I should keep you any longer in members, and the crowds of leafly members. owner he should come no more, but if anything seemed to be wanting to bring the dog The sternier Northern Light, Capt, Links. Thing seemed to be wanting to bring the dog paugh, arrived here the evening from San In. to be office. He did so two or three times, no, vis. A markable wit a dast the other viscound a land when the ceased going, the dog would go alone to the doctor's office every morning, and at his leg, and then he would return, continuing this practice until he was fully cured -Somean San Pratt. time after this, the great dog found in the street Mr. Hall also reported with amendments, the and \$1,720,000 m gold dust and the U.S. on his three lees and sense that the Company of the form Senate bill granting right of way and donation mads,
